匠人宣言

CRAFTSMANSHIP

HANSPLAIN 所有的产品都选用质量上乘的材料，注重工艺与细节精巧，以优良的品质赢得良好的信誉。忠于传统的手工艺，步骤多重，反复严谨，材料上乘，形成工匠与艺术精神结合的独特风格。

每一件家具，经过图纸的反复斟酌，细节处理；再到开模、修模、打磨、选料、编织等工艺，组建成白胚、优化调整、出厂、以层层工序的确认来到展厅。

这一切，都凝聚了工匠人的坚持，赋予了每一件家具独特的灵魂。

HANSPLAIN selects only superior materials for all its products, emphasizing exquisite craftsmanship and meticulous attention to detail. Its commitment to high quality has earned the brand an outstanding reputation. Rooted in traditional artisan methods, each piece is crafted with premium materials and multiple rigorous production processes. HANSPLAIN creates a distinctive style that combines artistic sensibility with the spirit of craftsmanship.

Every piece of furniture begins with careful deliberation over design drawings and detailed refinement. Various stages are then involved in forming the initial prototype, such as carving, refining, sanding, selecting the material, and weaving. After further optimizations and adjustments, it undergoes thorough inspections before leaving the factory and finally displays at the showroom.

All of this embodies the persistence and dedication of our artisans, who give a unique soul into every piece of furniture.

HANSPLAIN

对话汉思普兰 · 一场关于人文艺术的低语叙述

HANSPLAIN汉思普兰成立于 2010 年，

以“至善于思·极简若兰”为理念的自然现代主义中高端家具品牌。
TA，将意大利百年积淀的设计理念和传统经典的匠心，与极简主义相互碰撞，
形成独有的精致简约，又不失高贵奢华的气质；
在汉思普兰这，除了精致华丽的视觉之外，更在于身心舒适和精神层面的满足。

更因其精湛的工艺、优质的原版面料、意式极简的设计风格，备受消费者的推崇。

HANSPLAIN was established in 2010.
A natural modernist mid-to-high-end furniture brand with the concept of "making design based on humanities".TA, the design concept accumulated over a century in Italy and the ingenuity of traditional classics, collide with minimalism to form a unique exquisite simplicity without losing the noble and luxurious temperament; in Hansplan, in addition to the exquisite and gorgeous vision, it is more about physical and mental comfort and spiritual satisfaction.
More because of its exquisite craftsmanship, high-quality original fabrics, and Italian minimalist design style, it is highly respected by consumers.
